DIGITAL PER\_SEN

## Digital Public Educational Resources for Special Educational Needs students

### OUR AIM

To reduce the negative effects imposed on SEN students and their teachers and families by the online school period.

### THE WEBSITE

The main tools/resources in the website are the following three:

1. A list of **DIGITAL TOOLS** that help teacher in the process of creating their own materials
2. **VIRTUAL LIBRARY**: contains digital materials adapted for SEN pupils. The digital materials consist of—short movies, virtual stories, applications, PPT, etc. The materials are categorised based on development areas for students needs (a. Cognitive Development, b. Language & Communication, c. Psychomotor Skills, d. Sensory Stimulation, e. Basic Skills, f. Socio-emotional Skills) and based on levels (a. Primary, b. Secondary, c. Vocational).
3. **PRACTICAL GUIDE** on “How to create a digital educational resource?”
